AMERICAN RED CROSS

A.P.O. 813 - C/o Fort Belvoir

May 5th 1944

Dear Dr. Hubert

This is to
acknowledge with thanks
your letter of April 21st.
I noted with particular
interest the reasons stated by
Dr. Russell Dixon in re-
the case of Henry Stace.
I do hope even at this date
there is a possibility of re-
opening his case. The boy
is deserving of every consideration.

AMERICAN RED CROSS

With me to far - so good.
The interesting work, but hard
work. My operation is a
very large one, and very
demanding administratively. Our
group is representative in
every respect, and doing a
great job. There many of the
boys from D.C. One in
particular is a former student
of the Howard Law School
1ST LT. HENRI a native of the
Virgin Islands.

I have been reading recently
of the many provisions being
made in the field of vocational

re-habilitation. Naturally
 such a program will
 be tremendous as a post
 war operation. It will require
 the services of experienced
 personnel in handling the
 many & varied problems
 of the veteran. I trust our
 present assignment in the
 most thorough training
 ground as a related
 function in this regard.
 It was mentioned that
 Howard's unit wanted more
 or less house personnel
 and act more or less as a
 cleaning house for the
 Negro veteran, if this
 be true I would be pleased
 to receive any information

you ^{may} have, and to place
myself on record as being
particularly interested to
serve.

Please convey my best
wishes to your staff -
Mr. Thurman & Mr. Blackburn.

I do appreciate the
fine words of encouragement
expressed by you, and to give
assurance that we will continue to
fulfil our assignments with efficiency
& dignity worthy of the type of
representation the American public
expects of us as Red Cross workers.
In the discharge of this concept
of our duties we expect to learn and
to say what the critics fail to see.

Sincerely -

Gene W. Howard

been a most interesting

personal regards -
